Terms

We require a 50% deposit of original quote and balance, and any additional work outside the quote when the website is complete, live and you completely satisfied. If you sign for a Package and in the process of developing your site, your pages increase, you will either go to the next Package or pay R345 per new page.

How does it work?

The process is very simple! You email us your content, logo and web specs. If you don't have any – we can assist! Within 5 working days, we will show you a home page design template. If you are happy we can start building your site. Once done, we will e-mail you the site on a stage server, you e-mail us the changes, we make them and VOILA we press the GO LIVE button!
